T100 DREAMING

WALKING, TALKING + MAKING 10th to 13th JUNE 2021

Starting and ending in Tilbury, this year we will share our dreams, creatively re-imagining a better future as we emerge into a post-Covid world. Joined by local artists, T100 Dreaming will celebrate the sense of community spirit that the pandemic heightened, as we look towards a creative and sustainable future.

The four new walks that launch this year's T100 Dreaming Festival have been supported by Active Essex and Essex Cultural Diversity Project. In partnership with Living London, local walk leaders have devised walks that celebrate Thurrock's heritage, its diverse communities and links to the wider world.

All walks are free and led by experienced guides and Kinetika stewards | Workshops run throughout June
